

## Licensed Engineers

Airtask Group provides bespoke mission-based aviation solutions to Government and Commercial customers.

We are currently seeking to recruit full-time and part-time Licensed Engineers to provide engineering support to our Oban and Inverness based operations and assistance to our Shetland operation.

The ideal candidate will be dedicated and self-motivated, able to work under their own initiative together with the flexibility and ability to work to strict deadlines.

### Key responsibilities:

- Serviceability / Airworthiness and general condition of the aircraft at the station
- Reporting all unserviceability's to Maintenance Control and the Base/Contract Manager
- Collaboration with the Base/Contract Manager and Maintenance Control with regards to maintenance planning and annual leave
- General House Keeping of the Station Office and Hangar
- Maintaining the Stores area to the required standard
- Maintain Tooling control: care of, replenishment and calibration
- Report occurrences and hazards via the Centrik system
- Responsibility for maintaining the base COSHH inventory

From time to time there may be a requirement to travel to other locations to support other stations or to recover aircraft with technical issues at other locations.

### Part-145 Authorised Engineers will also:

- Report to the Part-145 Maintenance Manager (maintenance matters)
- Abide by the requirements of the Part-145 MOE
- Report occurrences and hazards of a maintenance nature via the Part-145 Centrik system

### It is **essential** that potential candidates have the following:

- Hold a UK CAA Part 66 B1.1 and / or B1.2 Engineers License with **NO RESTRICTIONS**
- Hold a full, clean driving license
- The right to live and work in the UK
- The ability to provide a criminal record check (Disclosure Scotland)
